

2. Additional Playing Club - Application under article 4.9(b)(v) of the National Registration Regulations

The purpose of this form is to provide the Club's consent for a player to apply to FFA for approval to play for a club (Additional Playing Club) other than the club to which he or she is registered (Player's Registered Club) due to the player's exceptional circumstances in accordance with Article 4.9(b)(v) of the National Registration Regulations (NRRs).

The player's application to play for an Additional Playing Club will be considered by the relevant Member Federation in the first instance. The ultimate decision as to whether exceptional circumstances exist and approval is to be granted will be made by FFA in its absolute discretion, in accordance with Article 4.9(b)(v) of the NRRs.

Both the Player's Registered Club and the Additional Playing Club must agree to the player playing for the two clubs in order for approval to be granted by FFA. The Player's Registered Club is the club which the player will be registered to and recorded on the player's FIFA 'Player Passport'. Any training compensation that becomes payable in relation to the player for the period in which he or she was playing for more than one club will be paid solely to this club. The Additional Playing Club is the additional club a player wishes to play for, but is not registered to. This club will not appear on the player's FIFA 'Player Passport' and will not be eligible to receive any training compensation or solidarity contribution in the event that such amounts become payable in respect of the player.

FFA will not grant approval under Article 4.9(b)(v) of the NRRs if both clubs have not completed this prescribed form.

Please note that in the event FFA grants approval to the player to play for an Additional Playing Club, such approval is granted for ONE season only. Should the player wish to play for an Additional Playing Club in future seasons, a fresh application will need to be made and determined by FFA.
