

ITC Clearances

Players listed have received clearance for the 2019 season

ITC Cleared: A certificate of clearance has been issued to FFA from the player's former National Association.

No Record - Cleared: Where the relevant National Association has advised that they have no record of a player being registered under their auspices (where the player is registering to play football for the first time and is not an Australian citizen).

Provisional ITC: FFA has not received a response from the player's former National Association within 30 days, so the player is permitted to play on a provisional basis. The provisional registration will become permanent in one year unless in such time the former National Association presents a valid reason why an ITC cannot be issued.

Not Required: Where an ITC has been requested (automatically or otherwise) for a player that already has a valid ITC from prior seasons.
