

2021 FOOTBALL VICTORIA TEAM ENTRY INFORMATION

Dear Victorian clubs,

Football Victoria (FV) is pleased to launch a new team entry system and release dates and fees for the 2021 Team Entry Period for FV Metropolitan and Geelong competitions.

Whilst Victorian football fields went without the traditional winter season in 2020, the FV competitions team has maximised this period by staying focused on our ongoing commitment to service our Clubs - addressing, overcoming and improving processes for community competitions.

A demonstration of this commitment to our Clubs is the engagement of Predictive Analytics Group (PAG) to bring to our Club volunteers and administrators a new team entry system.

This AutoStat system will allow around 300 clubs to submit over 3,000 team entries into FV community and Geelong competitions. Clubs will have their own account to enter specific venue information and fixture details, automated notifications relating to their team entry actions and live team entry summaries & statistics, delivering greater transparency and information across the team entry period.

Dr Theo Gazos, Managing Director of Predictive Analytics Group, is proud to be able to support football in Victoria.

"It has been our pleasure at PAG to provide not just a cutting-edge fixturing automation tool, but a dedicated team entry system for Football Victoria and its constituent clubs. With this new technology in place, the Victorian grassroots football community are now equipped with an application that streamlines the team entry period and helps FV to meet the demands and preferences of all its clubs. We are looking forward to seeing the application being used by all FV clubs and thank the FV staff for their continued support and guidance."

For key information pertaining to the team entry period, please see below.

AutoStat Team Entry System (NEW)

Access:

Each club can have a maximum of three persons with access into their Club Autostat account.

To gain access into the system, please [click here](#) to complete the 2021 AutoStat Club Administrator Access Form.

All clubs must have one club administrator with access into the AutoStat system to be able to enter teams during the FV team entry period.

AutoStat Training:

Whilst user guides and video tutorials will be provided, FV strongly encourages Club administrators to attend an online training session run by the FV competitions team.

The training sessions will run before and during the team entry period. An FV competitions team member will go through the system and provide Club administrators the opportunity to ask questions.

Please [click here](#) to book your training session.

User guides:

FV, in conjunction with PAG, has developed an [AutoStat Club User guide](#) to use and share with relevant persons at your Club.

Team Entry Period Dates

Competition Level	Team Entry Period
<ul style="list-style-type: none">• Community Junior Girls (U12 – U19)• Community Junior Boys (U12 – U21)• Womens State League• Men's Metropolitan• Men's Masters• Geelong Senior Womens and Mens• Geelong Masters	Opens: 9am Wednesday 17 February 2021
