

These Rules are subject to and to be read and interpreted in conjunction with the 2022 Rules of Competition.

GUIDING PRINCIPLES

1. Strict adherence to government health orders or protocols.
2. FV will do all it can to facilitate the playing of full season (100%) of football within the context of Government regulations and the season window. Our philosophy is that when it is safe to do so, football should be played. Where this is simply impossible to be done, FV will provide the fairest means possible for the determination of a match result and to ensure that the football season is completed.
3. Plan, prepare and adapt – unavailability of players, coaches, staff may occur at any point of the season, however football will go ahead as scheduled in line with these Rules.
4. Senior Competition fixtures must take priority at all times by utilising the young and emerging talent at our Football Clubs to support the fulfillment of fixtures.
5. Be prepared to play mid-week fixtures where games have been postponed
6. Whilst the season calendar and fixtures provide a guide for the 2022 season, these may change at the absolute discretion of FV.
7. Regular Season Competition Fixtures will take priority over Finals fixtures.
8. Anyone who provides misleading information to FV may incur individual, Team and Club penalties under the GDT.

1. PLAYER AVAILABILITY IMPACT ON COMPETITIONS (FIXTURES)

- 1.1. Unless not permitted to do so as a direct result of health orders or protocols issued by the Victorian Government:
 - 1.1.1. Clubs/Teams must participate in all Competition Fixtures. Any Club/Team which fails to do so will face a forfeit (3-0 loss) and may face penalty under the GDT; and
 - 1.1.2. Any Team which fails to participate in four (4) Competition Fixtures within a Regular Season may be removed from its League at FV's absolute discretion.
- 1.2. If a Club wishes to seek to Postpone any Competition Fixture on the basis of COVID-19 then it must contact FV in writing via email competitions@footballvictoria.com.au at least 48 hours prior to the scheduled fixture to allow FV time to consider the request and to inform other impacted parties. Except in the case of extenuating circumstances, failure to notify FV in writing at least 48 hours prior to the scheduled fixture and non-participation may result in a forfeit (3-0 loss).
- 1.3. Clubs may be required to provide evidence of the impacts of COVID-19 in support of any request for a Competition Fixture to be Postponed. Should FV reasonably conclude that false evidence has been supplied and/or a Club is seeking to use these Rules to gain a competitive advantage,

then an automatic forfeit (3-0 loss) will be awarded to the offending Team(s) and the Club(s)/Team(s) may face penalty under the GDT.

- 1.4. FV will consider any request under section 1.2 and determine in its absolute discretion the postponement of the scheduled fixture. FV will use reasonable endeavors to confirm any Postponement at least 24 hours before the Competition Fixture is due to take place. FV has, and shall have, no responsibility for any loss suffered as a result of such decision, including if such decision is communicated less than 24 hours before to impacted parties.
- 1.5. Unavailability of non-Players (i.e., coaches) will not be considered a valid reason to Postpone a Competition Fixture for the purposes of these Rules.
- 1.6. If a Competition Fixture is Postponed under these Rules, FV will at its absolute discretion, and working with Clubs where reasonably possible, determine the timing of any rescheduled fixture. If the fixture cannot be rescheduled, a No Result will be recorded. Such decision is not open to appeal or review.
- 1.7. Clubs must play rescheduled Competition Fixtures as determined by FV. Non-participation in the rescheduled fixture will result in a forfeit (3-0 loss) to the offending Team(s). If neither Team is available to participate, then a No Result may be recorded.
- 1.8. In the event of forfeit without adequate notification to FV of a least 24 hours, the payment of any Match Official fees is entirely (100%) the responsibility of the non-participating Club. The payment will be shared (50%) if both Clubs do not (or are not ready to) participate in the Competition Fixture.

SENIOR FIXTURES (VICTORIAN WOMENS PREMIER LEAGUE, MENS STATE LEAGUE, WOMENS STATE LEAGUE)

- 1.9. If Players are unavailable as a result of COVID-19 for Competition Fixtures in VPLW, MSL or WSL then Clubs must elevate Players from the respective reserves, metropolitan/masters or junior (up to and including Under 21s) Teams to fill Competition Fixture squad gaps. If Clubs remain unable to field a squad of fourteen (14) Players for a Senior Competition Fixture, then the fixture may be Postponed and must be played within fourteen (14) days or such longer period as determined by FV in its absolute discretion.

As well as escalation, Clubs may also drop-down age eligible Players if available (for example a 14-year-old

rostered to play for the U16's may drop down and play for the U14's provided it does not impact on the continuation of the U16's Competition Fixture).

1.12 If Clubs remain unable as a result of COVID-19 to field a squad of the minimum Players for a Competition Fixture depicted in the table below then the fixture may be Postponed and must be played within fourteen (14) days or such longer period as determined by FV in its absolute discretion – please refer to Regulations 1.6 regarding postponed fixtures.
