

VICTORIAN PREMIER LEAGUE WOMENS & WOMEN'S STATE LEAGUE

2023 PRELIMINARY LEAGUE STRUCTURES

2023 PRELIMINARY LEAGUE STRUCTURES

The 2023 Preliminary League Structures are based off the 2022 Women's State League Team Entries and in line with the 2022 Rules of Competition Promotion and Order of Merit.

With the change in league structures for the National Premier League Womens and Victorian Premier League Womens competitions for season 2023, using the Order of Merit a significant number of Teams have filled the vacancies created throughout the structures.

The Women's State League Competition forms part of the Team Entry Period where Clubs will be able to enter new teams or withdraw. FV will determine the Women's State League Structures at their absolute discretion, with a greater indication on the structures post Team Entry Period.

Competition League Structures may alter due to, but not limited to, withdrawals and/or new vacancies. League structures are at FV's sole discretion and may be altered in accordance with the Rules of Competition and Order of Merit process. Preliminary geographic zones have been confirmed but may be subject to change if league structures are altered and/or team withdrawals occur. Finalised league structures will be confirmed prior to the commencement of season 2023.

Play-Off & Finals Commencement Dates are provisional and may be subject to change, at FV's sole discretion, due to any disruptions to the competition season in 2023 (i.e., Lockdown periods, Victorian State Government restrictions, etc.) and will be confirmed by FV Competitions closer to the Play-Off/Finals Period.
